### WHERE IS THE NEP FOCUS ZONE?

#### CUF Neighborhood Enhancement Program

Project Boundary

February 1 - April 30, 2008

The focus zone is a subsection of the Clifton Heights neighborhood, as shown by the dark black lines on the large map to the left.

It would be ideal if a block report were on record for every block in this zone!

Volunteers will announce in early January which blocks still need a report to be filed.

Map prepared by Joseph Danyluk

period of February 1 - April 30, it will really help make this program a success if we can give city personnel a coordinate list of block report information beforehand. So that volunteers can go through the block reports and produce a report, we would really appreciate having your block report by Friday, January 11th.

Together, we can make the Clifton Heights NEP a benchmark for the City of Cincinnati in the future!

Thank you, and Happy Holidays!
